

OBJECTIVE

To bring entrepreneurially motivated design thinking and website development skills to the table to create comprehensive web designs, solutions, and applications. I aim to learn new frameworks and adopt existing project practices into my workflow to provide a seamless development process. (Can also incorporate bilingual capabilities as a native Spanish speaker.)

EDUCATION

High School Diploma | Bacon Academy

LATE SPRING 2017

Graduated with a 3.7 GPA (Advanced Placement) and consistent High Honors achievement.

Bachelor of the Arts – Digital Media and Design | University of Connecticut

PRESENTLY ENROLLED, GRADUATION THIS SPRING

Pursuing a degree in Digital Media and Design with a concentration in Website Design & Development. Encompasses UI/UX, Graphic Design, Logo Design, Frontend & Backend Development, and Iterative Design

EXPERIENCE

Social Media Marketer and Web Consultant | Realizing Dreams LLC

SUMMER 2016 - 2017

Worked as main social media marketer and web consultant for Glastonbury-based self-empowerment LLC in efforts to expand brand awareness.

Call Center Technology Consultant | UCONN Audio Visual Technologies

FALL 2017 – SPRING 2018

Responsibilities included addressing calls instantly, responding accordingly to reported problems, and offering immediate assistance. If troubleshooting via phone didn't suffice, writing up tickets for IT requests and going in person to address problems to satisfy caller was standard.

Call Center Representative | S&S Worldwide

Summer 2018-2018

Worked full-time as a customer service representative over the summer of 2018, with a focus on placing custom orders and assuring prompt delivery.

Web Application Developer | UCONN DXLab

Spring 2020-Fall 2020

Developed the Rain Garden progressive web application for the UCONN DXLab. Redesigned and deployed a modernized multi-page, multi-function web application with API integration.

Website Manager, Newsletter Designer | UCONN Werth Institute

Winter 2020-Spring 2021

Actively managed the University of Connecticut's entrepreneurial program's website using Wordpress. I designed their MailChimp mailing campaigns with HTML email formatting, and deployed them for mass circulation.

ACTIVITIES

Elderly Technicians Assistant Volunteering, (2017-Present)
Webmaster, UCONN Ballroom Club, (Fall 2018- Spring 2019)
Member, UCONN 3D Printing Club, (Fall 2018 - Present)
Grant Recipient, UCONN Get Seeded Pitch Competition, (Spring 2019)
Finalist, UCONN Innovation Quest Competition (Spring 2019 - Summer 2020)
Finalist, UCONN Accelerate UConn Competition, (Summer 2019)
Finalist, UCONN Summer Fellowship Competition, (Summer 2020) Vice President, UCONN CEO Club, (Fall 2020 - Spring 2021)
